artistic practice and studio habits

--Microlab: Marketing yourself as an artist

## Things to Know

Each class project will be introduced with a "microlab" activity that will prepare the skills you'll need for the bigger piece.

-Your sketchbook will be used for homework, tutorials and practice during class and over shop weeks. Those due dates will be listed on the class website.

-Each project *and* its microlab will take 2 academic weeks to complete

-Due dates are posted on the board, and on the class website

-Critiques will be held during the last week of class projects to get feedback from classmates

-**Artist Statements (instead of reflections) may be assigned to help you articulate message and meaning for final critique.**

**Visit [BVTartclass.weebly.com](http://BVTartclass.weebly.com) for copies of all assignments.**
